# After School Course Descriptions

<p><b><u>Bollywood Dance:</u></b></p> <p>Inspired by the high energy music from Indian films, our Bollywood Dance class combines traditional Indian folk and classical dance movement with fun activities to engage in. Children will learn technique and choreography that incorporate rhythmic, full body movement of the Indian culture.</p> <p><b><u>Ballet/Creative Movement:</u></b></p> <p>A first course in dance for children. Introduction to Ballet will be taught as well as Creative Movement, using props such as bean bags, ribbons and rhythm sticks. This class also concentrates on daily motor skills that your child will need in their young life.</p> <p><b><u>Tennis:</u></b></p> <p>Participants will learn tennis basics, refine strokes, and gain self-confidence through competitive play.</p>	<p><b><u>Basketball– On the Court X-perience:</u></b></p> <p>This co-ed basketball clinic is perfect to get a child up and moving at the end of the school day. Each session includes skill instruction, exciting competitions and a full court basketball scrimmage. Players will improve their individual skills such as passing, dribbling, shooting and rebounding while learning how to work within the framework of a team. Each player will receive a t-shirt and prizes are awarded during the final session.</p> <p><b><u>STEM:</u></b></p> <p>Build confidence in every child through a “Yes, I can do it!” hands-on and interactive approach to learning. Using the four pillars of learning (Science, Technology, Engineering and Mathematics) along with arts all students will build and nurture their creative minds through team work and project-based learning.</p>	<p><b><u>Bricks and Sticks Stop Animation:</u></b></p> <p>Take your stop motion movies to the next level. First, create a story with Stikbots, Legos, action figures or all three! Then watch your story come to life using special stop motion software that allows you to add special effects and go beyond the typical software. Students will need to bring in figures, stickbots, legos from home, but all other equipment will be provided. Student-created films will be available on a password protected website to share with friends and family.</p> <p><b><u>KidzArt Animals Animals:</u></b></p> <p>In a KidzArt Studio class, you'll make a masterpiece every week as you bring your artistic skills to the next level with all new lessons! Through guided projects, we will show you how to use color, shading and texture to achieve amazing results in your drawings and paintings.</p>
<p><b><u>Cardio Club:</u></b></p> <p>This high-energy and fun class combines cardiovascular/resistance training and functional training in a one of a kind environment. This class is designed to help children work on developing cardiovascular and muscular endurance through the teamwork and perseverance of physical and mental challenges. The atmosphere created by the class is fun and motivational which fosters a "can do" attitude in every participant.</p>	<p><b><u>Black Rocket- Code Explorers:</u></b></p> <p>For curious young minds who want to take the first steps into the world of programming. Student explorers will use their creativity to solve a series of web-based coding challenges. Each lesson builds fluency in essential digital skills needed for the future. At the end of the class, students will receive access to the interactive learning platform to continue their coding journey at home.</p>	<p><b><u>Black Rocket- eSports Streamers and Gamers:</u></b></p> <p>In this course, students will develop competitive game-play skills in Black Rocket's new eSports App, learn how to produce commentary for live tournaments, use professional streaming software, and most importantly practice online safety. Students will gain full access to the eSports App and a video of their class tournament with commentary.</p>
<p><b><u>Kids Cooking Creations:</u></b></p> <p>Join us for an excitement filled hour where kids will explore, learn and have fun making edible creations. Kids Cooking Creations encourages children to discover the joys of creating fun edibles in the kitchen while obtaining age appropriate basic educational skills through group cooking. Each week everyone will participate and take home an edible creation!</p>	<p><b><u>Mad Science/CrazyChem:</u></b></p> <p>Ooze into action, manipulate matter and witness some radical reactions in this exciting Chemistry-themed after school program from Mad Science! Slide down the colorful pH scale and dip into the science of acids and bases. Learn to recognize chemical changes and mix ingredients together for some sensational results. Make your own ooey, gooey Mad Science slime to take home! Explore the exciting world of basic chemistry!</p>	<p><b><u>Zumba :</u></b></p> <p>Zumba Kids, Jr classes are rockin', high-energy dance parties packed with kid-friendly routines. We learn how to dance hip hop, mambo, Reggaeton, and Salsa. We break down steps, add games, activities and cultural exploration elements into the class structure. Zumba helps to develop a healthy lifestyle and incorporate fitness as a natural part of children's lives.</p>

**Refunds: Course fees will not be refunded once you register. Refunds or credits will not be issued for missed classes.**

**Emergency and Inclement Weather Closing: When Enrichment Classes are canceled, announcements will be posted at: [www.picatawayschools.org](http://www.picatawayschools.org). Classes will be rescheduled so children attend for the full number of weeks or a refund will be issued.**
