August 25, 2020

Dear Piscataway Families,

We hope your family is healthy, safe and excited to start the 2020-2021 school year. As discussed in our remote instruction learning plan, each student will be issued a district device to support their remote learning.

Our IT Department has been working diligently all summer to provide technology to students and teachers. At this time, all students in grades K, 4, 6, 7, 8, 9, 10 and 11 grade will have district prepared devices to start the school year. However, due to the unprecedented demand we are still awaiting the delivery of devices in grades Pre-K, 1, 2, 3, 5 and 12. Students who do not have access to a personal device to use until the district device is delivered, should contact their building principal as soon as possible for support. If needed, a loaner device will be issued in all cases.

We anticipate the delivery of your assigned personal device within two weeks of the start of the school year. We will communicate the delivery process for all devices shortly thereafter. Additionally, please contact your child's principal if internet connectivity is needed. We appreciate your patience as we work to provide one to one support for every student in the district this school year.

Sincerely,

Colleen B. Pongratz
Director of Administrative Services
