Superintendent of Schools

August 5, 2021

Dear Piscataway Families:

Today is the last day for our Summer Jump Ahead Program. We are very happy with the progress our students made, and expect to see good results in 2021-2022 with more students ready to achieve at grade level and beyond.

Further good news is that to date, we have had very few COVID cases within our summer programs. We have confirmed a total of three positive cases throughout the summer so far, one of them confirmed this week. This letter will serve as your notification for this positive case. Contact tracing was conducted for all three cases with no transmission found within our programs.

School Messenger

I want to remind you to please check your Genesis account to make sure all of your contact information is correct. We will begin using our new School Messenger Alert System in September, and want to make sure all of our families are ready. Next week, we will send out information for setting up your account, and we will test the system later in the month.

2021-2022

I know everyone is eager to receive information about how we will handle the school year—what our protocols will be as we work to ensure the safety of our students and staff. We are keeping updated as to recommendations from the State, County, and CDC, and working with our Facilities Department to prepare our buildings. We will release our final plans to all in the middle of August. If you have any questions or concerns, please call your building principal, or my office.

I appreciate your patience and support as we prepare for 2021-2022, and look forward to welcoming our students back to school.

Very sincerely,

Dr. Frank Ranelli
Superintendent of Schools
