Harassment, Intimidation and Bullying Update

The Piscataway School District does not tolerate bullying of students. The Board of Education has adopted a comprehensive Policy (File Code 5512) to prevent bullying and to investigate reported incidents as required by the Anti-Bullying Bill of Rights Act. Each school in the District has a School Safety Team and an Anti-Bullying Specialist charged with responsibility for overseeing implementation of the Policy. Contact information for each school's Anti-Bullying Specialist and the District's Anti-Bullying Coordinator is provided below.
